

of executive clemency. It opens up a way for prominent criminals with influential friends to escape the punishment to which their criminal actions would subject them, while it forces the less influential to suffer for crimes less grave.

John D. Howe—The parole is preposterous. At this rate Bartley will get \$100,000 for every year he has served in the penitentiary.

Parole a Mistake. H. H. Olmsted—I think the parole of Bartley is a mistake. I don't know what reason the governor had to release him, but I do not see why he should have been preferred to any other prisoner who has been tried and convicted of a grave offense.

Money for the State. H. B. Peters, Manager Merchants' Hotel—I believe that if I had been in the governor's place I would have done the same thing. Of course we don't know what the conditions are that he will impose, but it is reasonable to suppose that they will include the restitution of at least a part of the shortage.

Howard H. Baldwin—I am not prepared to discuss the governor's action, for the reason that I do not know the conditions under which Bartley has been paroled.

Dr. W. P. Macey—I think the governor has made a mistake in letting Bartley out, but there may be something which we can only observe that such actions as this by the chief executive of the state overturn the object of punishment for crime.

Dr. A. Benson—It strikes me as a rather strange proceeding and I would rather discuss it. I am inclined to charity and mercy toward such unfortunate men as Bartley.

Considered an Outrage. Dr. A. B. Somers—I don't, of course, know what the conditions imposed by the governor are. I look upon the letting him out of the penitentiary as an outrage.

Lee Herdman—I don't care to discuss the subject. R. F. Hodate—I don't know what to think of it, the action of Governor Savage was such a surprise to everyone.

Justice Lee Estelle—It was a great surprise to me, but I take it that the governor must have some good reason for his action and some good purpose in view.

No Reason for a Parole. Louis J. Platt—I don't see any reason why Bartley should be paroled any more than any other criminal.

Henry G. Street—I don't know anything of the particulars of the Bartley case, but as a general proposition I am not in favor of letting a man who has been sentenced to the penitentiary for a serious crime go out on parole.

AMALGAMATED STRIKE IS ON

President Shaffer's Orders to Continue Struggle Will Be Obedied. DETERMINED TO FIGHT IT OUT TO THE END Little Prospect of an Ending in the Near Future—Will Affect Many Plants Throughout the State.

PITTSBURG, July 14.—From present indications it looks probable that President Shaffer's strike order, issued last night to the Amalgamated association members in the employ of the American Steel Hoop company, the American Sheet Steel company and the American Tinplate company, will be obeyed and the struggle will include the sympathy of the people for the inclusion of the restitution of at least a part of the shortage.

In the union mills of the three companies against which a strike has been declared it is predicted that not a wheel will turn tomorrow. An effort will be made also to close down some of the non-union mills of the companies and to cripple the rest.

The men of the union mills of the three companies against which a strike has been declared it is predicted that not a wheel will turn tomorrow. An effort will be made also to close down some of the non-union mills of the companies and to cripple the rest.

President Shaffer was asked today if he had set a time when, no settlement having been effected, he would extend the strike to all the subsidiary steel companies of the United States Steel corporation.
